

Lore for the game on Saturday, 18-FEB-2012

Background Information:

Matheris used to be king of Fiorgynseim but ruled it so badly he abdicated in favor of his son. Lionel has been even worse. It got so bad that Kae-Su (Jim Davie) declared the province of Terraline an independent kingdom. Aminor (David Spence) , Acacia (Tina Cox) and Barak (Olan Knight) went with Kae-Sue and became the Dukes and Duchess of Terraline; and most of the regular nobles were also granted lands, like Earl Conrad (Danny Berry).

Note that Earl Tainly (Rich Adkisson) and Baron Lug (Olan again) hold titles in Fiorgynsheim, but are staunch friends with the various Powers of Terraline. Over the last several years the relationship between the two kingdoms has deteriorated badly.

Around 4 years ago a new power arose, the Navarro. It turned out that the Navarro were the ancestors of both the Qershatta and the Dainga tribes that have been waging war against Lionel. Last year, Princess Brightmoon of the Navarro was able to unite all three tribes under her banner, and she is intent on taking back their ancestral lands that Lionel/Fiorgynsheim now occupy. The Navarro also have an old enemy who has recently become an ally, the undead of Runelore.

The meeting on 2/18/12 is for Princess Brightmoon to speak Lionel in an attempt to find a peaceful solution to this problem.

Your Majesty, and My Lords Sultender & Sonders,

Lionel will be at the Gatewood Pavillion this Saturday afternoon. I know it will be dangerous for me to attend, but I feel drawn to this event.

I do not seek a fight but I will not run and hide.

Will you be there as well?

Conrad,
1st Earl of Wayland
Fiorgynsheim
(Danny Barry)

~~~~~

My Dear Earl Wayland -

I shall most certainly make an appearance to provide support for my friends and fellows, but I cannot stay long as I have other pressing matters and must attend to them.

I have heard that Baron Lug will be in attendance for the entire event. He is tied to Tarrelina with the strongest of friendships, and by mystic links to King Kae-Su. I fully expect Baron Lug to represent Tarrelina and his friends with his strength and unswerving loyalty, and with as much intelligence as he is capable.

Yours In Friendship ~

Duke Barak Soultender,  
Tarrelina  
(Olan Knight)

Dear Lord Von Tempest, 1st Earl of Wayland,
Duke Barak Soultender of Tarrelina,
and Baron Lug,

I will be attending this event, as there shall be a lot of drinking (always seems to be a lot everywhere I go). Princess Kara will not be accompanying me as I share your same worries about safety. I do understand that Lionel will be at the event, and while he has promised it is only a meeting, we are best to be wary. As such, we should join forces and gather as many to our side as protection, should an ill wind blow against us.

Are we together, my brothers in arms?

Sir Tainly,
Knight of Excess,
Earl of Sondors,
Knight of the Excessively Long Title, Slayer of.... [argghh!!!!]
<excessively long title deleted in the combat>
(Rich Adkisson)

To all of you most worthies of the lands -

Duchess Acacia and her consort Aminor will also be in attendance. Lionel has promised that this is only a meeting and has promised to only bring Justin as a personal guard to discuss the treaty with the princess Brightmoon.

Princess Brightmoon is bringing one retainer, a ranger named Stillwind.

Knightfall is neutral and part of Tarrelaine, therefore I expect both of them to abide by the law of hospitality and raise no arms.

Sir Aminor,

Duke of Knightfall,
Terraline
(David Spence)

For those who are willing to stand for Law, Justice, and Liberty, seek out Conrad Von Tempest at the Knightfall Casino this Saturday, for he calls for those who will defend the rights and liberties against those who would take them away.

Conrad,  
1st Earl of Wayland  
Fiorgynsheim

My Dearest Earl of Wayland,

It has come to my attention that you are fermenting rebellion against us. A missive has come to our attention that you penned, I believe that this is what you said:

"For those who are willing to stand for Law, Justice, and Liberty, seek out Conrad Von Tempest at the Knightfall Casino this Saturday, for he calls for those who will defend the rights and liberties against those who would take them away."

King Lionel,
Firogynsheim
