

# HELL OF A TIME

**12/09/17**

## **A Dallas IFGS Game**

This is a game to rescue Gozer from the depths of wherever he has gotten himself into this time. Currently it is slated for a single team but if there are enough NPCs then I will be running a second team through on game day.

Fighting: High Physical: Low Mental: Low Risk: \*Mid - High

\*High risk is based on if the team saves Gozer and we must put up with him again 😊

You made a deal with a devil, but there is more than 1 layer to the Abyss and someone noticed. Hell has its own power games.
