“Dragon’s Revenge” & “The Ring”

Mental: Medium	Fighting: High	Risk: High	Physical: Medium
-----------------------	-----------------------	-------------------	-------------------------

This is a one day Serious Heroic game done in two parts. “Dragons’ Revenge” is in the morning. It is for levels 7+ and takes up where the game “To Save a Mage” left off. You do *not* have to have played the previous game to play this one. After “Dragons’ Revenge” will be lunch and the April Board Meeting. “The Ring” will start after the Board Meeting, and it is for levels 1-3 and 4-6. Teams to be formed on game day. If you PC in “The Ring” you must NPC in “Dragons’ Revenge” and visa versa so everyone needs to be on site by 8:30.

For lunch, brisket and chicken will be provided. Everyone is expected to bring a prepared side dish.

Please keep in mind both these games are serious heroic and all levels are high fighting and HIGH RISK. Playing level 1-3 does *not* mean it is a blow off. This is not a novice game.

Both games are 4 hours and will be played in the rural park next to our home. There *is* some physical to these games. You will be walking some and sometimes in slightly rough areas. There are vampire vines, poison ivy, mosquitoes etc in the park, so the standard long pants, good shoes, sunscreen, bug spray, water bottle still apply.

Please keep in mind we are in a public park so keep foul language at a minimum and please clean up after yourselves.

Our lunch will depend on what everyone brings so keep that in mind when you choose what side dish you bring. Suggestions: vegetables like bake beans, potato salad etc. will go well with this fare. We also need rolls, veggie trays, fruit trays etc., desserts and canned drinks. Whatever you bring, it needs to be already prepared, cooked, baked or whatever else is required. Everyone will be involved with the games and there will no one to cook and no time to do it.
