*This is a bar game with political overtones. It is the start in a new series of games that could possibly realign the world of the Dallas IFGS.*

In addition to the celebration there will be a weapons tournament with prizes for 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup>. Duke Aminor has even imported several deadly creatures for a hunt. There will also be all the gambling anyone could ask for, however, Acacia has given the ladies of the house the night off so the upstairs rooms are off limits.

Delwin Peace has also talked a large mythical creature called "Brisket" into giving up its life for the celebration and he will be preparing it. A special birthday cake will also be provided as dessert.

Rumors are that a very special guest star—you might even say royalty—will be attending this event.
