

Bard Class

In any world where most people do not travel far, the Bard is the walking newspaper and often times judge and jury. In most places Bards are considered sacred due to their store of knowledge and history. A bard's knowledge, her ability to perform stories, song, and poetry virtually guarantees a nights lodging in any inn as long as they are willing to perform. A bard will always have some type of instrument with her, even just a small whistle. A bards magic will affect even deaf characters or monsters with no normal means of hearing.

Bard Spells

A Bard should obtain and carry some type of instrument with them at all times. This instrument is the primary focus for a bard's music, even if it is just a small whistle to help set their tone. Bards tend to use grand gestures while performing but the true power of the bard lies in her voice. All the bardic abilities can be invoked by voice alone.

At 6th level, each Bard chooses to specialize in one of the following fields: Maestro, Swashbuckler, or Wanderer; once chosen, this specialization may never be changed.

Innate Ability:

Instrumental Focus

A bard must select upon character creation one of the following musical instrument types as her instrument of choice: Brass, Harp/Keyboard, Percussion, String, or Woodwind. A bard can use any musical instrument to cast her spells but she can only specialize in 1 type. However, when the bard uses an instrument of her chosen type, she can gain a slight advantage when casting certain spells. The bard must have that type of instrument on her person to gain the advantages of Instrumental Focus. This ability is base for the character and cannot be acquired by a magic item.

In addition to the advantages gained on certain spells, a Bard may cast **Legend Lore** for free on an instrument of her chosen type that she can see or if she hears the name of a famous instrument. Subject to GM knowledge.

Brass: +1 outgoing LI when casting **Counter Song: Dispel Magic** and can target an additional victim with her **Stunning Song: Stun** for an additional 3 SPs. A bard can use this bonus ½ times per level, per ability, round up (min 1).

Harp/Keyboard: +1 outgoing LI when casting **Lullaby: Crash Time**, and **Soothing Song: Earth Calming** can affect 1 additional creature. A bard can use this bonus ½ times per level, per ability, round up (min 1).

Percussion: +1 outgoing LI when casting **Discordant Song: Confusion** and inflicts an additional -1 whenever casting **Wracking Song: Pain Strike**. A bard can use this bonus ½ times per level, per ability, round up (min 1).

String: +1 outgoing LI when casting **Beguiling Song: Enthral** and **Silent Song: Mute**. A bard can use this bonus ½ times per level, per ability, round up (min 1).

Voice: When casting any of the **Inspiring** songs the bard will cast them for 2 points less, minimum of 1 point. A bard can use this bonus ½ times per level, per ability, round up (min 1).

Woodwind: +1 casting level when casting **Dirge** and can extend her **+1/+2 vs Charm** to all allies within 30' for 5 mins per level or 1 combat. A bard can use this bonus ½ times per level, per ability, round up (min 1).

Fog Brain

Range: 30 feet

Area: 1 Target per level

Duration: Instantaneous

Stacking: NA

Misc.: LI, Rev.

This spell will cause the target to forget everything that occurred in the previous 5 minutes. If a target of **Fog Brain** has a logical reason to believe that she has been affected by a **Fog Brain**, then she will be aware that she has a memory lapse. Logical reasons might include missing gold or items, unexplained damage, foreign surroundings, or missing information, but are ultimately governed by GM discretion. Spells already in effect will continue to be in effect for their normal duration. The reverse of this spell can be used in one of two ways, at the discretion of the caster: it can either cause the target to clearly remember the information and events of the previous 5 minutes, or it can reverse the effects of the most recent **Fog Brain** cast on the target. Reverse **Fog Brain** need only be cast at the level of the affected individual. The effects of **Fog Brain** and reverse **Fog Brain** are permanent, unless the target is otherwise affected. Noise or damage will not cause a target to awaken. Arcane methods that can awaken a target include **Awaken** (Magic User 2) and a white **Flower of Avalon** (Druid 8). The only physical means that can be used to wake the affected targets is to lightly shake the targets for 15 seconds.
